

Small Businesses: What You Need To Know

CORONAVIRUS AID, RELIEF, AND ECONOMIC SECURITY ACT

Additional Resources: Counseling, Training, & Contracting: Frequently Asked Questions¹

Created March 2020

If you, like many small business owners, need a business counselor to help guide you through this uncertain time, you can turn to your local Small Business Development Center (SBDC), Women's Business Center (WBC), or SCORE mentorship chapter. These resource partners, and the associations that represent them, will receive additional funds to expand their reach and better support small business owners with counseling and up-to-date information regarding COVID-19. There will soon be a joint platform that consolidates information and resources related to COVID-19 in order to provide consistent, timely information to small businesses. To find a local resource partner, visit <https://www.sba.gov/local-assistance/find/>. In addition, the Minority Business Development Agency's Business Centers (MBDCs), which cater to minority business enterprises of all sizes, will also receive funding to hire staff and provide programming to help their clients respond to COVID-19. Not every state has a MBDC. To find out if there is one that services your area, visit this site.

Do I have to pay for counseling and training through SBDCs, WBCs, and MBDCs?

- Counseling is free and training is low-cost with these partners. The additional funds that Congress provided will help keep this possible. Mentorship through SCORE is always free.

What is a SBDC?

- SBDCs are a national network of nearly 1,000 centers that are located at leading universities, colleges, state economic development agencies and private partners. They provide counseling and training to new and existing businesses. Each state has a lead center that coordinates services specifically for that state, which you can find by clicking the link above. To find out more about SBDCs, visit <https://americassbdc.org/about-us/>.

CORONAVIRUS AID, RELIEF, AND ECONOMIC SECURITY ACT

What is a WBC; is it only for women?

- WBCs are a national network of more than 100 centers that offer one-on-one counseling, training, networking, workshops, technical assistance and mentoring to entrepreneurs on numerous business development topics. In addition to women, WBCs are mandated to serve the needs of underserved entrepreneurs, including low-income entrepreneurs. They often offer flexible hours to meet the needs of their diverse clientele. To find out more about WBCs, visit <https://www.awbc.org/>.

What is SCORE?

- SCORE provides free, confidential business advice through our volunteer network of 10,000+ business experts. You can meet with a mentor online. Find out more [here](#).

Who do MBDCs serve?

- MBDCs are a good option for minority-owned businesses (including those owned by Black, Hispanic, Asian American/Pacific Islander, and American Indian business owners), especially those seeking to penetrate new markets — domestic & global — and grow in size and scale.

Independent Contractors

If you are a government contractor, there are a number of ways that Congress has provided relief and protection for your business. Agencies will be able to modify terms and conditions of a contract and to reimburse contractors at a billing rate of up to 40 hours per week of any paid leave, including sick leave. The contractors eligible are those whose employees or subcontractors cannot perform work on site and cannot telework due to federal facilities closing because of COVID-19.

If you need additional assistance, please reach out to your [local](#) Small Business Development Center, Women's Business Center, SCORE chapter, or SBA District Office. You should also work with your agency's contracting officer, as well as the agency's Office of Small and Disadvantaged Business Utilization (OSDBU).
