

NANCY LOPEZ GOLF COURSE
AT SPRING RIVER

2020 IPANM Golf Tournament
Friday, October 16, 2020 8:00 AM Shotgun

Rules

Four Person Scramble: Each player tees off on each hole and the team decides on which location to play from. Every player then plays their second shot from within one club length of where the best shot has come to rest and procedure is repeated until hole is complete. The ball must be played from same condition (fairway, rough, hazard, etc.)

Missing Player Procedure: If a team has only 3 players, one player may play two shots on a rotation basis to serve as the fourth player. The rotation should be established at your first hole and proceed from there.

Tees: **Men** will play from WHITE TEES
Women will play from RED TEES

Rules: USGA Rules will govern all play along with the following rules:
BOGEY IS YOUR FRIEND – In order to keep play at a speedy pace, the highest score any foursome can take on any hole is **BOGEY**. Once a team has passed the bogey threshold, please pick up and move to the next hole.
In CASE of cancellation due to poor weather, your first 9 holes only will be used to determine the Winner (the most under par). This is regardless of what holes you play and the par score (luck of the draw may give some groups more Par 3s than others). If a tie exists under a 9-hole shortened tournament, a card draw will determine the order of finish.
In CASE of a tie after a full 18-hole tournament, ties will be decided by scorecard playoff starting Hole #1 until a winner is determined.

BACK BY POPULAR DEMAND!

Mulligan & String Package For Sale (1 Per Team): **\$100/Team Paid At Time of Check In**

For \$100, each team will get 3 mulligans to use at any point on during the round. A mulligan can be used when a team decides to nominate one team member to take the team's "fifth" attempt on a single stroke. It does NOT mean that all four members get to take a mulligan on that particular stroke (That would be the equivalent of getting eight attempts! No!)

Additionally, teams will get 24 inches of string and scissors. String can be used on the green only to allow a team to move their ball to more advantageous spot (such as in the hole!) without losing a stroke. Missed that tricky putt by 6 inches? Well, you can just whip out the string, and cut off 6 inches of length and that last putt is now, in fact, holed. However, be tactical and judicious in your use of string to maximize its benefit over as many holes as possible. However, once you use all string, the benefit is over. There is also no payback or bonus for left over string after 18-holes.
