## IPANM's 2024 KEYNOTE SPEAKER FRIDAY, JULY 12, 2024

Keynote Session: 1:30 p.m. | Tamaya Ballrooms A,B,C,&D

IPANM is proud to welcome

# Ronald Stein, P.E.

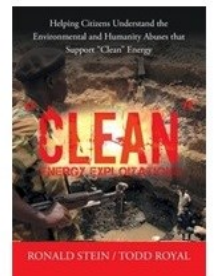

Author | Columnist | Energy Literacy Consultant

For

## A Fireside Chat On Energy Literacy

Ronald Stein is a Professional Engineer (P.E.) and co-author of the Pulitzer Prize nominated book [“Clean Energy Exploitations - Helping Citizens Understand the Environmental and Humanity Abuses That Support Clean Energy”](#) and an internationally published columnist of Op Ed articles that focus on energy literacy.

Ron is an energy agnostic that encourages in-depth discussions, and explanations about energy related subjects for the public to be further become energy literate, about the many sides of renewable electricity and fossil fuels that support lifestyles and economies around the world.

More Information

*Eradicating the world of crude oil usage would ground the 20,000 commercial jets, and 50,000 military aircraft in the world and leave the 50,000 merchant ships tied up at docks and discontinue the military and space programs! Without a backup plan to replace crude oil, 8 billion people on this planet will face the greatest threat to humanity ever. --Ronald Stein*

**AMERICA OUT LOUD**

Ron is a columnist of op ed articles on energy literacy at [America Out Loud NEWS](#), also a policy advisor for [The Heartland Institute](#) and [The Committee for a Constructive Tomorrow](#), and National TV Commentator on Energy & Infrastructure with Rick Amato at [Your America TV](#). Ron is also the Founder of [PTS Advance](#).

## IPANM's 2024 OPENING SESSION ADDRESS FRIDAY, JULY 12, 2024

Opening Session Address: 8:00am  
Tamaya Ballrooms A,B,C,&D

# Opening Session Speaker Trisha J. Curtis

**President & CEO**

IPANM is proud to present Trisha Curtis as our Opening Session Speaker. She is the President and CEO of [PetroNerds, LLC](#), which she founded in 2016. She was formerly the Director of Research, Upstream and Midstream, at the Energy Policy Research Foundation, Inc. (EPRINC) in Washington, DC. Since 2010, she has led extensive research efforts and major consulting projects and authored several reports on the North American upstream and midstream markets for government agencies, global think tanks, and corporations.

At PetroNerds, Ms. Curtis leads research, advising, and consulting services. She is a macroeconomist with an expertise in US shale markets, geopolitics, and China. She is globally recognized for her knowledge of US shale and has spoken at several academic, industry, and investor forums including OPEC, SPE, IEF, Stanford, Chatham House, Oxford, DU, and Colorado School of Mines.

Ms. Curtis is also the host of the PetroNerds Podcast. Her podcasts and public engagements offer in-depth analysis of the US and world economy, geopolitics, global oil and gas markets, and the US shale industry.

Raised in northwest Colorado and southwest Wyoming, she grew up around pump jacks and has worked on oil and gas sites in Colorado and Wyoming with her father. Please see her [full biography](#) for Trisha Curtis for more information. Trisha can be [trisha@petronerds.com](mailto:trisha@petronerds.com).
